

# DLQuick — Web Platform & Legal Master Pack + Extra Bomb Features

Royal Blue & Chrome Gold Edition

## Core Content (Summary)

This document contains the full DLQuick Web Platform Plan, API & Till Integration, Legal Pack, Financials, and Branding guidelines.

In addition, the following section highlights Extra Bomb Features to make the platform stand out even more.

## Design & UI

- Dynamic backgrounds for each category (Food, Groceries, Removals, Marketplace).
- Premium animations (hover shine, smooth transitions).
- Royal UI kit (rounded buttons, soft shadows, modern fonts).
- Vehicle previews during live tracking (car/van/bike, branded or not).

## Features Must-Have

- Multi-checkout: groceries + marketplace + services in one basket.
- Trust & Review system: visible badges (Top Rated, Verified).
- AI assistant: smart pop-ups and delay notifications.
- Instant pre-bookings with calendar integration.

## Branding & Marketing

- Premium splash screens in apps with animated DLQuick logo.
- Launch campaign flyers with QR codes.
- Customer testimonials and DLQuick Guarantee badge.

## Tech & Performance

- AI monitoring and self-healing system.
- POS real-time sync with webhooks.
- Stripe Split Payments for instant payouts.
- Fair Stack Pay Mode logic coded into driver app.

## Extra Bomb Ideas

- DLQuick Premium Badge (£5.99/month) with perks.
- Referral code system for discounts.
- Emergency SOS Button with stealth activation.

- Driver Digital ID for police verification.
